

ATTEMPTS STATISTICS

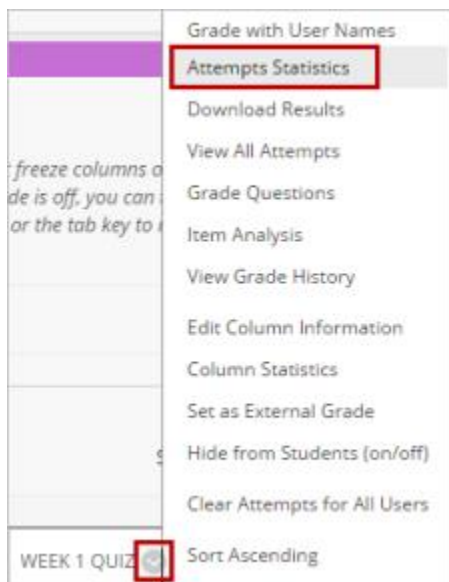

The Attempts Statistics tool allows you to view all student responses to test or quiz questions, which may help you determine how well students understand the material.

Instructions

1. On the left menu, click **Grade Center** to expand the menu. Select **Full Grade Center**.

2. Navigate to the test or quiz you want to review. Click the down arrow next to the name of the column and select **Attempts Statistics**.

3. General test information displays at the top of the screen. Specific information regarding each test question is listed on the right side of the screen.
