

The survey tool in ulearn is used to gain information or data from your students. Surveys by default are anonymous and not graded. A green check mark shows in the grade center when a student has <u>completed a survey</u>.

#### Instructions

1. On the left menu, click on **Course Tools** and select **Tests, Surveys, and Pools.** 

2. Click on **Surveys**.

Surveys
Surveys are not graded, and student responses are anonymous.

3. Click on **Build Survey** to create a new survey.

4. Enter a title into the **Name** field. The **Description** and **Instructions** fields are options and can be filled in later.

5. Click Submit.

6. On the Survey Canvas page, click on **Create Question** to start adding questions. From the menu, choose your question type.

Create Question 🗸	-
Calculated Formula

#### **Instructional Design & Technology**

11. Scroll to the bottom of the page. Clicking on **Submit and Create Another** will create the same type of question you used above. If you need another question type, click **Submit**.

12. Your questions will be added. Click **OK** at the bottom of the page if you are finished with the survey. If you are not finished and wish to return later to this area to add more questions or edit them, you can access the survey via Steps 1-2 above and you'll be able to edit and continue working on it.

luestion	What kind of computer do you have?
Answer	I don't have access to a computer.
	l have a Mac.
	l have a PC.
	I have a Chromebook.
	I have something else not listed here.
