

# EDIT TEST OPTIONS

This user guide will walk you through the steps of setting up the test options before deploying a test or quiz in ulearn for students. You can set a timer, multiple attempts, display after and display until dates and times, etc.,

---

## Instructions

1. Locate your test, quiz, or exam in ulearn. Hover to the name and click the down arrow to reveal a menu. Select **Edit the Test Options**.

2. If you have not already done so, enter instructions for the students in the box.

The screenshot shows the 'TEST INFORMATION' form. The 'Name' field is 'Midterm Exam'. The 'Content Link Description' field contains the following text, which is highlighted with a red box: 'You will have 90 minutes to take the midterm exam, which is composed of 50 multiple-choice questions. Please do not start the exam until you have studied. You will not be able to enter the exam after the due date, Sunday, 11:59 PM'. The form also includes a toolbar with various editing options like bold, italic, underline, and font color.

3. Under the **Test Availability** section, click **Yes** to make the test or quiz available to students (even with date restrictions, this setting must always be Yes).

The screenshot shows the 'TEST AVAILABILITY' form. The 'Make available to students' radio button is selected 'Yes'. The 'Add a new announcement for this test' radio button is selected 'No'. A red arrow points to the 'Yes' radio button for 'Make available to students'.

## EDIT TEST OPTIONS

- Decide if you wish to have Multiple Attempts. If so, click the box for Multiple Attempts, and enter a number of attempts or choose unlimited. If using multiple attempts, decide how you wish to score the attempts (Highest Grade is suggested).

Multiple Attempts

- Allow Unlimited Attempts
- Number of Attempts

---

Score attempts using Last Graded Attempt

- DO NOT set Force Completion. Students can have legitimate reasons for being bumped out of an exam and you have to give them [another attempt](#). The best option is to **Set a Timer**, add the **minutes**, set **Auto-Submit to On**. This means that at the end of the time you've set, the test will automatically submit no matter where the student is on the test.

Force Completion  
*Once started, this test must be completed in one sitting.*

---

Set Timer  
*Set expected completion time. Selecting this option also records completion time for this test.*

Minutes

Auto-Submit

OFF  ON

**OFF:** The user is given the option to continue after time expires.  
**ON:** Test will save and submit automatically when time expires.

- Set the **Display After Date and Time** and the **Display After Date and Time** – this will give the student a window of time to do the test.

Display After

*Enter dates as mm/dd/yyyy. Time may be entered in any increment.*

Display Until

*Enter dates as mm/dd/yyyy. Time may be entered in any increment.*

## EDIT TEST OPTIONS

7. Passwords are not required for tests unless you have a special instance of a student who needs access to the test either before or after the due date. With a password, only that student or students you give the password to can enter.

Password   
*Require a password to access this test.*

8. If you have students who have test accommodations and need extra time on the test, you can set them here. View the user guide for more detailed information on setting [Test Availability Exceptions](#).

**TEST AVAILABILITY EXCEPTIONS**  
  
*Click **Add User or Group** to search for candidates for exceptions. If you choose to use group test.*

9. Set a **Due Date and time**. Decide whether you do not want to allow students to start the Test after the due date has passed by checking the box.

**DUE DATE**  
  
*Set the date the assessment is due. Optionally, do not allow students to take a test once the due date has passed.*  
  
*Submissions are accepted after this date, but are marked **Late**.*  
  
 Due Date      
*Enter dates as mm/dd/yyyy. Time may be entered in any increment.*  
  
 Do not allow students to start the Test if the due date has passed.  
*Students will be unable to start the Test if this option is selected.*

## EDIT TEST OPTIONS

10. Under Self-Assessment Options, ensure that “Include this Test in Grade Center score calculations” is **checked** (unless you’re using a practice test and don’t want it to count, uncheck the box).

### Note:

Under no circumstance should you ever check the box to “Hide results for this test completely from the instructor and the Grade Center.”

**SELF-ASSESSMENT OPTIONS**

*If this test is a self-assessment, choose to include or hide the scores in the Grade Center. If you choose to hide results, the scores will be deleted.*

Include this Test in Grade Center score calculations  
*Grade Center items excluded from summary calculations are also excluded from weighted calculations. If other weighted items are not, grade weight calculations will be skewed.*

Hide results for this test completely from the instructor and the Grade Center  
*If this option is selected, the instructor will not be able to see any student grades, view privacy, this choice cannot be reversed later without deleting all attempts.*

11. The **Show Test Results and Feedback to Students** section allows you to determine what feedback, if any, students receive, and when they will receive it. You may create up to 2 rules. [See this user guide](#) for more detailed information on this.

**SHOW TEST RESULTS AND FEEDBACK TO STUDENTS**

*Test results and feedback are available to students after they complete a test. Set up to two rules to show results and feedback. Rules occur based on the events selected. Each rule specifies when and what to show students; such as scores, answers, and feedback for each question.*

WHEN ⓘ	SCORE PER QUESTION ⓘ	ANSWERS ⓘ	FEEDBACK ⓘ	SHOW INCORRECT QUESTIONS ⓘ
After Submission	<input checked="" type="checkbox"/>	<input type="checkbox"/> All Answers <input type="checkbox"/> Correct <input type="checkbox"/> Submitted	<input type="checkbox"/>	<input type="checkbox"/>
After Availability End Date 09/30/2021 11:59 PM	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/> All Answers <input checked="" type="checkbox"/> Correct <input checked="" type="checkbox"/> Submitted	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## EDIT TEST OPTIONS

12. Under Test Presentation, it is suggested you choose **All at Once** and that you check **Randomize Questions** (this shuffles the order of questions for each student and/or each attempt if using multiple attempts).

**TEST PRESENTATION**

All at Once  
*Present the entire test on one screen.*

One at a Time  
*Present one question at a time.*

Prohibit Backtracking  
*Prevent changing the answer to*

---

Randomize Questions  
*Randomize questions for each test attempt.*

13. Click **Submit** to save your Test Options.

14. You will see your new test link in the course content area. This example has the test not available until a certain date and time. To make edits to the link or the test options, click on the **down arrow** to the right of the link's title. Select **Edit the Test Options** from the drop down menu to be brought back to the Test Options page.

 **Midterm Exam** 

Availability: Item is hidden from students. It will be available after Sep 23, 2021 6:00 PM.  
You will have 90 minutes to take the midterm exam, which is composed of 50 multiple-choice questions. Please do not start the exam until you have studied. You will not be able to enter the exam after the due date, Sunday, 11:59 PM
